

What is Adopt-A-Spot?

Adopt-A-Spot is a beautification program sponsored by the Peculiar Parks and Recreation Department. A “Spot” can be your neighborhood, a traffic circle, a park flower bed or any Spot that you are interested in beautifying. We prefer the Spot to be on city property but will consider other location.

Maintenance of your Spot requires a commitment from you. Although we will provide plant materials, mulch, etc, the area will be planted and maintained by you. The benefits to you and others include the proud feeling of adopting a Spot, the beauty added to the area, the positive impact on our community and a personalized Spot recognition sign from the Peculiar Parks and Recreation.

Who may Adopt-A-Spot?

Anyone is invited to Adopt-A-Spot including individuals, families, youth groups, faith communities, school clubs and businesses.

Some Spots may require more commitment than others, so choose your Spot and what you put in your Spot knowing your available time.
