Re: Twin Oaks Subdivision
Stormwater Management Plan

Dear Mr. Mohr:

We have completed our review of the Drainage Master Plan for the Twin Oaks Subdivision, and the Detention Pond Redesign for Twin Oaks Addition, Phase 2. Both of these reports are dated March 2004 and were prepared by MKEC Engineering Consultants, Inc.

We find these reports to be acceptable and recommend that the City accept them.

Yours truly,

Willis L. Lee, P.E.
